AGREEMENT ON UPGRADE OF STATUS FOR ALL CATEGORIES OF EMPLOYEES

The Union and the Company agree that the Labour Relations Committee will meet twice per year, in April and October, in order to define the number of upgrades for the province of Ontario.

The effective date of the upgrades will be the first of the eight-week schedule immediately following the upgrade meeting. Upon receipt of the upgrade offer the employee will have four (4) weeks to return all necessary documentation duly completed and signed to Labour Relations. In such cases, the salary adjustment as well as DPSP contributions will be retroactive to the effective date of the upgrade. In the event, an employee has not returned the documentation within the specified timeframe, it will be understood that the employee has forfeited their upgrade and the upgrade will be offered to the next eligible employee on this list.

A list of employees will be prepared as of April 1st and October 1st, and the LRC will work towards the following percentages in order to provide the required flexibility in the common locality:

- i. 65% of technicians as Regular Full-Time Employee
 - 15% RFT-1
 - 15% RFT-2
 - 35% RFT-3
- ii. 35% of technicians as Regular Part-Time Employees

During the regular LRC meetings, held every two (2) months, the committee will review the number of employees who have left the bargaining unit since the last LRC meeting. If the number of Full-Time employees leaving the bargaining unit causes the percentages of Full-Time employees to drop below the percentages in point (i) above, the Company will replace these Full-Time employees.

Logistics Attendant Upgrade Process

At the same time the LRC meets to define the number of upgrades for Technicians, they will also define the number of upgrades for Logistics Attendant. Logistic Attendants are subject to the same employee classification percentages as outlined in Article 16.02 of the collective agreement.

1. A Regular Part-Time Logistics Attendant will be offered an upgrade to Full-Time when their seniority date is higher than the seniority date of a Technician being considered for upgrade to RFT in the same common locality.
2. Logistics Attendants will be offered an upgrade to RFT-3 when their seniority date is higher than the seniority date of a Technician being considered for upgrade to RFT-3 in the same common locality, as long as there is at least one (1) other RPT or Logistics Attendant working out of the same work center.

3. When the LRC proceeds with the Technician Upgrade Process stated above, and the seniority date of a Logistics Attendant is higher than the seniority date of a Technician being considered for upgrade to RFT-3 in the same common locality, and paragraph 2 does not allow the upgrade, the Logistics Attendant will be offered the upgrade to RFT-3 if they accept a Technician position and successfully completes the proper in-class training.

The Company agrees to put the Logistics Attendant in the next class of Technician training being held for the service territory.

Logistic attendant's schedules will be arranged via the team at the work center location on a voluntary basis. If an agreement cannot be reached, article 16 and 17 will apply.

Structured Cabling Division Upgrade Process

Cable Puller:

At the same time the LRC meets to define the number of upgrades for Technicians, they will also define the number of upgrades for Cable Pullers and will work towards the following percentages in order to provide the required flexibility by Team Territory:

- i. 65% of Cable Pullers as Regular Full-Time Employee
 - 15% RFT-1
 - 15% RFT-2
 - 35% RFT-3
- ii. 35% of Cable Pullers as Regular Part-Time Employees
 1. A Regular Part-Time Cable Puller will be offered an upgrade to Regular Full-Time when their seniority date is higher than the seniority date of a Technician being considered for upgrade to RFT-3 in the same common locality up to the maximum percentage for RFT-3 Cable Puller.
 2. When the LRC proceeds with the Cable Puller Upgrade Process stated above, and the seniority date of a Cable Puller is higher than the seniority date of a Technician being considered for upgrade to RFT-3 in the same common locality, but the percentages stated above are already met, the Cable Puller will be offered the upgrade to RFT-3 if they accept an I&R Technician position and successfully completes the proper in-class training

The Company agrees to put the Cable Puller in the next class of Technician training being held for the service territory.

Technician:

At the same time the LRC meets to define the number of upgrades for Technicians, they will also define the number of upgrades for Technicians and will work towards the following percentages in order to provide the required flexibility by Team Territory:

- i. 65% of Technicians as Regular Full-Time Employee
 - 15% RFT-1
 - 15% RFT-2
 - 35% RFT-3
- ii. 35% of Technicians as Regular Part-Time Employees
 1. A Technician who works for the Structured Cabling Division will be offered an upgrade to Regular Full-Time 3 when their seniority date is higher than the seniority date of a Technician that works on the I&R demand load who is being considered for upgrade to RFT-3 in the same common locality up to the maximum percentage for an RFT-3 Technician in the Structured Cabling Division.

2. When the LRC proceeds with the Technician Upgrade Process stated above, and the seniority date of a Technician that works for the Structured Cabling Division is higher than the seniority date of a Technician that works on the I&R demand load who is being considered for upgrade to RFT-3, but the percentages stated above are already met, this Technician will be offered the position of an RFT-3 I&R Technician.

At that time, most people were not talking about mental illness but the numbers spoke volumes about the urgent need for action. Millions of Canadians, including leading personalities engaged in an open discussion about mental illness, offering new ideas and hope for those who struggle, and those numbers grow every year.

Given Bell Canada's leadership in the area of Mental Health, Bell Technical Solutions and Unifor recognize the importance of ensuring a workplace culture which promotes and improves the mental health of all employees in the workplace. Bell Technical Solutions and Unifor have a common interest in promoting and enhancing a working relationship consistent with the principles of the Bell Let's Talk initiative.

In light of the above, Bell Technical Solutions and Unifor agree that within three (3) months of ratification of the collective agreement, the parties will convene a meeting to discuss mental health initiatives currently in place in the workplace and what can be done to enhance the mental health initiatives in the workplace.

This Agreement is signed, this 29 day of May, 2018.
